**You are encouraged to attend a life changing movie!**

## **“Jesus Revolution”**

**“Jesus Revolution” is now showing in local theaters! It is a powerful movie on the changes of Christian culture which occurred in Southern California in the 1970’s.**

**Harvest Christian Fellowship Pastor, Greg Laurie, was among the many young people who were struggling with addiction. However, during this movement, he and many others became believers in Jesus Christ.**

**“Jesus Revolution” is based on the life of Pastor Chuck Smith, as well as the “hippie movement,” which had a major impact on our worship styles today. The lives changed throughout this 1970’s revolution motivated churches to reevaluate how they minister to people of different lifestyles, including those with addiction.**

**The co-writer and co-director, Jon Erwin, has movies such as *I Can Only Imagine*, *October Baby*, *I Still Believe*, *Woodlawn*, and *Moms’ Night Out*, to his credit.**

**You are urged to attend a showing of “Jesus Revolution” and invite a friend!**
